PROFESSIONAL SUMMARY

Product designer with a graphic design foundation spanning brand identity, motion graphics, illustration, and UI/UX. Built six games in Godot with GDScript across competitive game jams, including the award-winning Heated Rivalry. Currently working at a boutique design studio on brand, publication, and digital product work for cultural and institutional clients. Google UX Design Certificate in progress.

GAME DEVELOPMENT

Solo Developer, Game Jam Participant | itch.io

- Designed and shipped six games across competitive jams: Flip 'n' Frolic, Kitchen Keep, Maya, award-winning Heated Rivalry, Kasei, and Oloukik Dungeon. Handled design, programming, art, animation, and sound end-to-end. Kasei (NASA Space Apps Challenge 2026) and Oloukik Dungeon (Game Jam Plus 26/27) are in ongoing competitions.

EXPERIENCE

Graphic Designer (UI/UX) | Studio Shwo

Jul 2026 – Present · Design Wing · Dhaka, Bangladesh

- Working across brand identity, event identity, UI/UX design, publication design, illustration, and installations at a boutique design studio known for cultural and institutional clients.
- Led the website redesign for Ozmo Consult, a cross-border business advisory firm, building the Figma design system from scratch.
- Worked on the website redesign for Chittagong Dry Docks Limited (CDDL) and Native Works, and the rebranding of Expose Furniture, supporting UI/UX and visual design work.

Graphic Design Intern | BJIT Group Limited

May 2026 – Jun 2026 · Branding–IR–PR Team · Dhaka, Bangladesh

- Worked within the Branding, IR & PR team on visual assets, brand identity, and graphic design for internal and external communications at a global IT company serving clients across Europe and Asia.
- Created office branding assets, including posters, glass stickers, room frosting, photo frames, and word art, for a global IT company.
- Designed full branding package for BJIT's Annual Meeting 2026, including flyers, banners, stage backgrounds, and backdrops.

Co-Founder & General Member | Applied Mathematics Programming Society (AMPS)

Nov 2022 – Dec 2023 · University of Dhaka · Dhaka, Bangladesh

- Co-founded AMPS and led all visual design and social media output for the society.
- Created the Friday Bytes editorial illustration series, combining typography and character illustration.
- Coordinated weekly sessions, managed projects, and liaised with faculty.

EDUCATION

BSc Applied Mathematics (Attended) | University of Dhaka | 2020 – 2025

Higher Secondary Certificate | Dhaka Residential Model College | Apr 2017 – May 2019

Secondary School Certificate | Dhaka Residential Model College | Jan 2015 – Feb 2017

AWARDS

Champion, IUT ICT FEST 2026 GameJam (“Kickoff” theme), powered by Battery Low Interactive Ltd. and organized by IUT Computer Society, for Heated Rivalry with team CrossStitch.

SELECTED PROJECTS

Birds Under Artificial Skies, Research Poster · IYC 2026, April 25

- Co-authored research poster presented at the 6th International Young Biotechnologist Congress 2026 (NYBB / NIB / BGI China). Research analyzed bird behavioral responses to artificial light in Bangladesh using machine learning.

Wavelet Transforms in Digital Image Processing

- Independent research under Dr. Md. Rakib Hossain, implemented Fast Wavelet Transform for 1D/2D signal decomposition and wavelet-based edge detection using modified DWT algorithms.
